About The Factory

The Factory is part of Knowle West Media Centre, housed at a separate site in Filwood Green Business Park (BS4).

We are a community makerspace which welcomes people of all abilities to make for business or pleasure.

We have a large range of digital fabrication equipment as well as desk space, events, and support programmes to help people at every stage of their maker journey!

No experience is necessary to join this event or to become a member of our community makerspace but you do need to be **over 18**. You do not need to be from South Bristol though we love it when our neighbours come to play!

Come along, see what we are all about and get involved!

Did you know?

The Factory also offers a host of FREE enterprise support opportunities for local creative businesses through our MADE in South Bristol programme.

Chat to our team at the crafternoon or get in touch at factory_enterprise@kwmc.org.uk for more information.
